my mini flower pin cushion

Requirements:

- :- Colour 1: Petals Fat $\frac{1}{8}$
- :- Colour 2: Flower Centre 3" square fabric
- :- Pearl 8 thread.
- :- 10cm piece of wool felt.
- :- Golf Tee 54mm ($2\frac{1}{8}$ ") - I bought mine from ebay.

Finished Size: 6.35cm x 7.5cm ($2\frac{1}{2}$ " x 3")

Create:

Petals:

Step One: Trace 5 x 3.5" circles onto the wrong side of your petal fabric.

Step Two: Iron your circle in half, then in quarters. Make sure the raw edges are even. Repeat for the 5 petals.

Step Three: Using some Pearl 8 thread, start about 1/8 from the edge and on one corner sew a running stitch along the raw edge. Gently pull the thread to gather the petal. Don't cut the thread but start stitching the next petal. All the five petals will be connected. Make sure the raw edges are facing the same way when stitching together.

Step Four: When finished adding the five petals close the gap by stitching the last petal to the first. Spread the gathers evenly around your flower.

Centre:

Step Five: Trace 1 x 2 1/2" circle for the centre. Using some Pearl 8 thread, start about 1/8 from the edge sew a running stitch along the raw edge. Gently gather your circle with the wrong side of the fabric on the inside. Place a small piece of polyester stuffing in the gathered circle and when happy with the amount of stuffing pull the thread tight and secure with a knot. Trim the threads.

Assembly:

Step Six: Using a hot glue gun, place a rim of glue around the inner circle of the flower petals. Take your flower centre, gathered ends down on the petals and hold for a few seconds.

Step Seven: Cut a 1¼" circle of wool felt.

Step Eight: Turn your flower upside down. Place glue onto one side of your felt. And glue the felt circle onto the base of your flower. Make sure it is centered and covering the raw edges. Press to ensure the felt is glued.

Step Nine: Finally place glue onto the flat part of the golf tee and place this against the centre of the wool felt on the bottom of your flower. Hold for a few seconds until the glue has set.

Step Ten: Place your new pin cushion into a reel of thread. You now have a handy and portable pin cushion whilst hand stitching.

Your mini flower pin cushion has now been
